

THE GRAMMAR SCHOOL SUMMER PROGRAM
PRESCHOOL CAMP 2008
 For Children Ages 4 and 5

Our World! Instructor: Lili Bookwalter

Paint a Rainbow (Mornings 9:00 – 1:30) **First Session** (June 23 to June 27)

Come and explore the fun and magic of paint. We will experiment with mixing colors and let our brushes carry us away. We will use primarily tempera paints and will also use fingerpaints, watercolors and markers. We will make large and small paintings and even hats and clothes out of paper and paint.

Float a Boat (Mornings 9 – 1:30) **Second Session** (June 30 to July 3)

In our wading pool ocean we will make and float boats. Using recycled materials from yogurt containers to popsicle sticks we will boat and play in the water. We will find out what sinks and what floats. Stories about boats and the ocean will round out our adventure.

Insects Alive (Mornings 9:00 – 1:30) **Third Session** (July 7 to July 11)

If you love bugs then you will love this session. We will find insects of all sorts in our outdoor explorations. We will make homes for bugs and hopefully some bug friends. Painting and drawing insects and their parts will certainly be included. Even a grasshopper puppet show may be thrown into the mix.

Grow a Garden (Mornings 9:00 – 1:30) **Fourth Session** (July 14 to July 18)

What do plants need to grow? Water, sunlight, air and good earth. We'll learn the plant parts – roots, stem, leaves, flowers. We will observe how seeds grow and explore the roles of the plant's parts. We will use seeds and flowers to make pictures, necklaces and musical instruments. Bring your shovel as we head out to look for plants in the meadow.
